

WHO

My name is Brita Lapatza, I am a Creative Designer and this is my CV.

Having developed in a creative environment, I feel at home working in design. I am an open-minded, friendly and resourceful person with a strong will to think outside of the box and go beyond expectations. I have had valuable experiences and the opportunity to work in various aspects of design that have taught me how important it is to work with deadlines and have an exceptional eye for detail. However, my everlasting curiosity drives me to gain further experience in areas that are unknown to me, with a view to encountering new, beautiful ways of expression.
